[Vision & Mission]

Set a new benchmark in the ceramic industry

We always put the bars high & aim to achieve them with all the dynamism in design and by investing in the latest technology to make Pollens a top-notch brand in the tiles world. We, the Pollens family, have promised ourselves to grow and maintain the quality of our products forever.

Improving living for the next generation

We manufacture tiles that rank high on quality and aesthetic value irrespective of the place where they are applied. We are the first choice of residential, commercial and public buildings for indoor and outdoor applications. We forge a long-term partnership with all our clients by providing them excellent service. We keep our ears close to the ground to satisfy the needs of an evolving market.

[Technology]

Our state of the art manufacturing plants produce tiles that are sought-after in residences and commercial complexes, across geographies. Be it your walls or your floor, interior or exteriors, we have a solution for your need. Add to that our belief in forging long-term relationships that makes us the preferred supplier for our business partners.

[Making Of Ceramic is an art]

Multiple colored mixes are randomly blended to create a unique, unrepeatable mix in every slab. A system of patented technologies reproduces the randomness of nature and handmade objects. Every single Tile looks different from all the others. The distribution of the colors and grain, random and unrepeatable, composes a harmony with the unique fascination of nature and hand craftsmanship.
